

Crown, Bridge and Porcelain Veneer Warranty

If a Crown, Bridge or Porcelain Veneer becomes defective within a 5 year period **due to structural issues**, we will be happy to repair or replace it. This does not include situations like accidents (e.g. a fall, auto accident, biting on a hard substance etc) that would damage a regular tooth also.

Following is the Crown, Bridge or Porcelain Veneer Warranty offered:

First Year of Service (from date of placement)	100% of amount paid by patient
Second Year of Service	70% of amount paid by patient
Third Year of Service	60% of amount paid by patient
Fourth Year of Service	50% of amount paid by patient
Fifth Year of Service	40% of amount paid by patient
Sixth or more Year of Service	0% of amount paid by patient

This warranty is null and void if you do not maintain your 3-6 month continuing care which includes professional cleaning, annual x-rays and annual exam. Also if the patient has evidence of bruxing or clenching and does not wear a grinding guard or a sleep appliance, then the warranty is void. It is your responsibility to make these visits to maintain your oral health and to protect your investment in your teeth.

Prevention is the key. In addition to daily home care of your teeth, regular professional checkup and cleaning with annual x-rays can help prevent most dental disease. **If we do not see you for your regular 3-6 month check up, this warranty is null and void.**
